2	re63.xml	1	0	1	0	1	0	I choose option one: I think the Old Historic Grammar School and surrounding grounds should continue to be used as a recreation and community center, athletic fields, community garden, and open space.	1	0	0	1	0	0	0	0
3	re78.xml	1	0	0	1	1	0	I would like to support keeping the Old Historic Grammar School Site as the Mendocino Recreation and Community Center. My name is Carlie Abbott and I live in Caspar, which is my only residence. I do not have children under 18 years living with me, but my grandchildren come to visit me and enjoy using the center playground. As they get older, I was hoping that they would be able to participate in some of the other activities during their summer extended stays.	0	0	0	1	0	0	0	0
4	re57.xml	1	0	0	1	1	0		1	0	1	0	0	0	0	0
5	re88.xml	1	0	1	0	0	1	The issue is more about the management of the space than the use of the space to me. I am all for community use but there may be a more efficient management scheme that keeps costs down. Why can't the school district manage an efficient community program directly rather than through another entity. Wouldn't this be an economic benefit to the schools AND the community?	1	0	0	0	0	0	0	1
6	re71.xml	0	0	0	0	1	0	I'm writing to let you know that I favor retaining the former/historic school as a community recreation facility. My daughter was a student thru 2005, and attended many great classes and workshops there, and I have too. Leave this facility to serve the community, as it has been dedicated to all along.	1	0	0	0	0	0	0	1
7	re94.xml	1	0	0	1	1	0	I think the undeveloped space could be used for a District Office or other use the District needs.	1	0	0	0	0	1	0	0
8	re82.xml	1	0	0	1	1	0	When I was involved with the Music Festival volunteer sign up day - the community center space was a great resource. It would be wonderful for the young people of our community to have a space for activities and for seniors as well.	1	0	0	0	0	0	0	1
9	re17.xml	1	0	1	0	1	0		1	0	0	1	0	0	0	0

13	re98.xml	1	0	0	1	1	0	Maintain the present function and improve the property to enhance its value and usefulness for the whole community	1	0	0	0	0	1	0	0
14	re44.xml	0	0	0	0	0	1	The use of the facility and friendship park seems appropriate as a community center for the community. However, I don't agree that it is accurate to say that this is in fact the current use. The facility should be available and providing activities for all members of the community, children, adults, seniors, etc. Instead, there seems to be a heavy weight put on children's activities but limited to only those that can afford the programs. The current use and leasing of a large portion of the building to an isolated group (ie theater company) limits the amount of space left for many other "whole community" activities. How and under whose ownership/management this should happen needs to be discussed and decided rather than assume it should continue under the current rental agreement with the Rec Center. The remaining open space, including the community garden, should be maintained as open space under the ownership of the school district. Future needs of the school district cannot possibly be anticipated. There could be a need in the future to utilize that space for school purposes and its not realistic to think that the school district would ever be in a position to be able to afford to buy property in town if it releases ownership of that portion of the property now.	1	0	0	0	1	0	0	0

23	e105.xml	1	0	0	1	1	0	WHERE WOULD THE KIDS GO!! THIS IS WRONG TO CONSIDER PUTTING THE KIDS OUT ON THE STREETS AGAIN. WE HAVE BEEN DOWN THAT ROAD BEFORE. IT WAS A LONG TIME AGO. IN FACT WHOEVER IS READING THIS WAS PORBABLY NOT HERE THEN. KIDS WITH NOWHERE TO HANG OUT IS A REALLY BAD IDEA, NOT TO MENTION THE GREAT IDEAS TAHT HAVE BEEN HAPPENING AT THE OLD SCHOOL SINCE THEN. I LIKE TH SOUND OF CHILDREN'S VOICES AFTER SCHOOL AND OLD PEOPLE STRETCHING IN THE MORNING AND BOOK CLUBS ARGUING THE SUDDEN AWAKENING IN A PHRASE AND PLAYS THAT COULDN'T MAKE ENOUGH MONEY TO BE PUT ON ANYWHERE ELSE. WHERE WOULD THE KID'S GO...WHERE WOULD I O !! I CAN'T AFFORD CLASSES AT THE HILL HOUSE.	1	0	0	0	0	1	0	0
24	re50.xml	1	0	0	1	1	0		1	0	0	0	0	0	1	0
25	e103.xml	1	0	0	1	1	0	I think the community needs to get together to brainstorm ways in which the facility can support its citizens. Some suggestions I've heard that sound good are to use it as a senior center with lunches and activities. I'm sure that with all of us brainstorming together we can come up with multi-uses. I should definitely NOT be sold to a private party, but could provide more money to the school district--perhaps with a lease/to buy by the community members. It is a gem and a benefit to Mendocino. Have the bathrooms been re-done? They need to get rid of the 'old school bathroom' smell.	0	1	0	0	1	0	0	0
26	re48.xml	1	0	0	1	1	0		0	1	0	0	0	0	1	0
27	re64.xml	1	0	0	1	0	0	I would like to make a couple of comments in lieu of the actual questionnaire. I have taken clay classes at the community center in the past and attended Muse rummage sales and other community events. Most recently these buildings and outlying common grounds have become a very important part of the lives of my son and daughter-in-law and their 2 young sons. They use the playground almost daily, they have hosted parties there for the kid's birthdays, and now young Skyler, who is in Kindergarten, attends Kinder-classes there after school 4 days a week. I think as they grow up in this community, this property will become a valuable addition to their activities including sports, socializing, and art.	1	0	1	0	0	0	0	0

1		Res Yes	Res No	Child Yes	Child No	Use 1	Use 2	Suggested Use	Use Cent Yes	Use Cent No	Albion	Caspar	Comptche	Little River	Mendocino	Other
28	re66.xml	1	0	0	1	1	0	I think this works well as a community center for classes, sports and play for children, and a community garden. Perhaps the Thanksgiving Arts Fair could be relocated here. I think it would bring in funds. We always enjoy the Friendship Park gathering on the 4th, and I think more community-oriented outside activities would be wonderful. There is emerging a need for fiber optic technicians in this area, and these facilities could provide a good training area for this and other tech programs. My grandsons use the community center almost everyday; they utilized the playground on a regular basis and take after school classes 4 days a week. I see the sports, social, and learning benefits of this center benefiting them far into the future.	1	0	0	0	0	0	0	0
	re70.xml	1	0	0	1	1	1	In addition to the existing uses, I would like to see the development of a new technology training facility. The ROP electronics program has been an excellent model and I hope it can be retained in something like its historical form. I have been working with Mendocino Coast Broadband Alliance in the effort to bring true broadband to our entire coastal area. Part of this endeavor is the vision of a future high-speed fiber network extending into currently unserved areas. It will take a new class of technician to install and maintain such a network. Government support is already available for such projects, and one of the factors that ranks highly in their selection process is the creation of jobs. Together with the goal of educational enhancement, this represents a great opportunity to plug into governmental enthusiasm, at every level, to upgrade local opportunities for the next generation.	1	0	1	0	0	0	0	0
30	re45.xml	1	0	0	1	0	1	I like the current uses, especially the children's activities, the Little League field (Friendship Park), and the community garden. However, I would also like to see the undeveloped portion of the parcel behind the community center, between the community garden and Friendship Park, used as an off-leash dog park. This would be a great addition to the services already offered by the community. The dog park in Fort Bragg has been very successful, and is a great collaboration between Mendocino Coast Dog Owners Group (MCDOG) and the Recreation and Parks Dept.; it would be a wonderful addition to the services already offered on the property. MCDOG is prepared to raise money to build the necessary fencing.	1	0	0	0	0	1	0	0
	re87.xml	0	0	0	0	1	0	I would like to see community use of this surplus property, much as the facility has been used the last couple of years. I think the Park and Rec programs particularly for children but not exclusively, is invaluable to the town of Mendocino and should continue. That would be my first priority. In addition, I would like the site to be available for rental to a wide variety of interest groups.	0	0	0	0	0	0	0	0
32	re89.xml	1	0	0	1	1	0		1	0	0	0	0	0	1	0
33	re99.xml	1	0	0	1	0	1	I think the Old Historical Grammar School and surrounding fields should continued to be used as a recreation and community center, athletic fields, community garden and open space. And additionally include an electronics lab like the ROP Lab that was just closed.	0	1	1	0	0	0	0	0

35	re43.xml	0	1	0	1	1	0	It is hard to come up with a useful list of ideas given I haven't been in on the whole discussion . Rather, I would have liked to know what options, possibilities the committee has discussed so that I could weigh in on them. I can say that a) I am glad it is not being considered as a place for administrative, etc. offices - this is a grand old building and beautiful property and it should be USED by kids, families, all of us...not just a select few who happen to have finagled an office there; b) I do not think the property should be sold - the city should exercise it's responsibility and ensure that the property is available for community use.	1	0	0	0	0	0	1	0
36	re73.xml	1	0	1	0	0	1	From the information I have the Rec center has been running at a deficit for many years now. That is difficult for me to understand given the extremely low rent that has been paid to the district for the facility. The programs and availability of community space is extremely important to the community and should be maintained. I do feel strongly that the management and ownership of the facility should be a part of our districts governance. Especially now when the aquatic center and other parks & rec projects are taking center stage, I fear the Mendo. rec center programs will be drawn from instead of invested in. It is a vital facility that should be maximized and managed by those closer to the heart of Mendocino. We are a community who appears to fear change and therefore adheres to the same course no matter how inefficient or out dated it has become. If legally possible I would like to see the grounds - open space - put to a use that financially betters the districts health. Solvency - profitability - is not a bad word or concept. I believe it to be the school boards responsibility to maximize all assets; especially now when facing the current budget slashing, to better able to continue the educational and enrichment programs that MUSD and the Rec center have been providing for the children	1	0	0	0	0	1	0

42	re67.xml	0	0	0	0	1	0	I'm a resident of Mendocino County for a number of years now. I think the Old Historic Grammar School and surrounding grounds should continue to be used as a recreation and community center, athletic fields, community garden, and open space with IMPROVEMENTS. There needs to be a Full Time paid employee to run the center efficiently. I believe there needs to be MORE classes offered and charge the teachers less so that more teachers can afford to teach there. Offer special deals teachers for new classes to get "off the ground." Also more fund--raising events for the center inside during the winter needs to happen. Some of the walls inside need to be knocked out to develop a large community room for large events like Eagles Hall and Casper Community Center Outside area should be developed into outside game courts for the school children and adults to use during the year. There should be in the undeveloped portion, a tennis court, bocce ball court and boule court, hop-sotch, small ball game courts (like dodge ball) and more picnic tables (some with protective roofs for during rainy times. Friendship Park should be used for other sports too. Put in an outside basketball court and a soccer field. The Garden, well now hardly used by only a handful. This needs to	0	0	0	0	0	0	1	
43	e102.xml	1	0	0	1	1	0	I'm open to other ideas, but I have no specific suggestions myself.	1	0	1	0	0	0	0	0

44	re100.xml	1	0	0	1	0	1	thank you for the extension on input -- the internet is not my calendar --. Also appreciate input options. I like what is going on at the recreation center. I don't know if income revenues from current use cover expenses. It would be nice if the Farmer's Market could be held there and more produce generated -- ie expand the gardens. I like the idea of a community sanctuary at the Rec Center as well. A small pool with (solar) fountain, in a courtyard encircled by a small solarium/meditation room open for all, silence to be maintained. Picture something like a zen rock garden --pebble landscape, with little pool and a skylit surround with corridor wide enough for passage housing 15+/- zafus for sitting meditation -- nondenominational. And I like the idea of a labyrinth installation outside. To me the purpose of the Rec Center is to serve extra curricular community education, sports, childcare, agriculture, entertainment (dance, movies, performances at low rent options) and spiritual development. I think a meditation room and labyrinth would serve to provide release from tension and meet an unspoken need in our population. A setup for educational films and foreign films would probably attract audiences and generate income as well. I would LOVE to see a community kitchen	1	0	1	0	0	0	0	0	
45	re10.xml	0	0	0	0	0	1	I would like to see a dog park.	0	0	0	0	0	0	0	1	0
46	aire2.xml	1	0	0	1	0	1	I think the Old Historic Grammar School and surrounding grounds should continue to be used as a recreation and community center, athletic fields, community garden. In addition, I would like to see a fenced, off-leash dog park in what is now the open space adjacent to the garden.	1	0	0	0	0	0	0	0	1
47	re85.xml	1	0	0	1	0	1	I think the Old Historic Grammar School and surrounding grounds should continue to be used as a recreation and community center, athletic fields, and community garden. However, I think the open space is an excellent place for a fenced, off-leash dog park. Dog Park Community Benefits Provides an opportunity for people who share an interest to socialize while engaged in their favorite activity. Provides hours of pleasure to people watching their dogs at play. Contributes to physical fitness to be able to exercise with their dogs. Improves people's mental state. Socializes and exercises dogs in a safe environment. Promotes responsible pet ownership. Makes good neighbors – exercised dogs are easier to live near than under-exercised dogs. In an era when people are reluctant or afraid to converse with a stranger, dog parks bring people together and create a greater sense of community. Provides elderly and disabled owners a safe, accessible place to exercise their companions.	1	0	0	0	0	0	0	1

53	re16.xml	1	0	1	0	1	0	The Mendocino community has and continues to support and fundraise for the MUSD year after year. The educational, community and childcare services that the current community center provides for all of our communities are invaluable and make it possible for parents to work and live in our communities. Seems to me, if MUSD does not have any plans or needs to use the property for its schools, perhaps it is time for MUSD to return the property to the community. A board of community members should be elected to oversee the property and to determine how best it can serve the community at a profit or as a non-profit entity. Possible uses include classes that the recreation center offers, expanded adult education, facility rental by the public, commercial kitchen, etc.	1	0	1	0	0	0	0	0

54	re15.xml	1	0	0	1	1	1	This summer we travelled to may coastal communities. Most of the communities (large and small) hosted skateboard parks for their youth. Mendocino continues to be "youth unfriendly". I would like to see a skate park built on the site including a "club house" (pool table, video games, quiet place, cafe, place to have talent contests, student fun coffee cafe?) which could provide some outreach services for our youth. Mental Health, through the Mental Health Services Act, has outreach and prevention funds available. Perhaps, some of those funds can be allocated to staffing the club house. Club house could be a place where our housing folks can come and meet with some of the homeless youth. Shower on site, maybe a place to do laundry? Storage lockers? Free dinner every night, not just once a month? Once upon a time, Paul Katzeff suggested that we post historically "correct" advertising signs around the ball park. This idea could be resurrected in order to offset some of the costs of the park. I know one of the barriers to the park has been liability. So, tell me, how have these other communities (large and small...very small) been able to mitigate this barrier and we seem to not be able to do the same? If we can't seem to pull off a skate park, then a youth center would be very	1	0	0	0	0	0	1	0
55	aire9.xml	1	0	0	1	1	0	The grammar school building's uses can be extended: evening classes of all kinds (theater, music, creative writing, etc), reading and poetry events, political/social events, dance jams! The possibilities are endless, and this would create more revenue. A good idea to help create more communication between the school district and the rec enter would be either to create a shared office space, or use one of the outbuildings for a school district office. Also both parties sponsoring an event together would be helpful. The spaces in the grammar school are lovely and varied - why not do an art opening in the art room? Or in the community room? A sale of ceramics by students in the ceramics studio... we could offer a small theater experience in the rehearsal/theater space - All of the above can be done - just utilizing each space much more - get it out there!!! The garden is already being used once a month for the homeless of Mendocino to come and work in the garden and get paid \$10 an hour. I'm sure SA and the others who have actually helped create this garden have some ideas about what can be done to expand it's use and enjoyment.....it would be great for example to have a "farmer's market" at the garden!!! We could sell what we have a lot of, it would encourage people to come and	1	0	0	0	0	0	1	0

67	re54.xml	1	0	0	1	0	1	I would like to see a food & wine visitor center in the town of Mendocino. This would be a hands-on center (not a hands-off museum like Copia), where cooking classes, food and wine pairing classes, wine tasting classes, cheese making classes, and other food and wine events could be held. The county could further demonstrate its positioning of practicing sustainability, eating local, and being the "greenest" wine region, by hosting classes and events that show our efforts. Think of this as a wine country destination center/summer day camp for "foodies" and "wine-o's". It would benefit our local lodging establishments, farmers, restaurants, and wineries, and provide another reason for tourists to make the long drive from the bay area & points beyond.	0	1	1	0	0	0	0	0

73	re24.xml	0	0	0	0	0	1	IF money were no object, which is emphatically not the case in this economic environment, I would retain and enhance the current uses of this property AND work with the community to develop a flexible meeting and performing arts facility that would enhance the property's role as a community center. I'd like to see MCN located on this site, with a small associated business center with tech and copying services and internet access for residents and visitors. I have serious concerns about the District selling the property at this time for two reasons: 1) the risk of losing the valuable community services it now provides and 2) the fact that any transaction negotiated in the current economy would almost certainly end up being a bargain sale and would not provide full value to the District. My thanks and regards to the committee members for your efforts.	0	0	0	0	0	0	1	0

78	re23.xml	1	0	1	0	1	0	I hope that Friendship Park, the Old Historic Grammar School. the playground, community garden, and open space can continue as they are currently being used. It would be a huge loss for our community, particularly for our children, if these resources were taken away. We need these places. They are essential for the well-being of our community.	1	0	0	0	0	0	1	0

	re108.xml	1	0	0	1	1	0	I would like to add mine to the voices calling for the Mendocino Rec/Community center to continue being run by the Parks and Recreation Dept. Peg has done an excellent job of management, and the variety of offerings and the ease of renting a room attest to that. I have or do taken classes including yoga, acting and dance at the Rec Center, as well as attending movies, cultural offerings and meetings. Parks 7 Rec have done well at encouraging this diversity. I am afraid that if the school system takes over that the result will be a less user-friendly interface involving unnecessary procedures. If the Rec Center needs attention an oversight committee made up of representatives from the School System, Parks and Rec and the community could address any necessary changes.	1	0	0	0	0	0	1	1

	re21.xml	1	0	0	1	0	1	Develop a conference center to be financially supported by local business. It should retain its historic character and if possible have a relationship with the Music Festival, thus making Mendocino a destination place for summer to a broader audience, and a destination expanded to other seasons.	1	0	1	0	0	0	0	0

	re80.xml	1	0	0	1	1	0	Over the past several decades I have both used the facility of the Mendocino Rec Center to offer classes as well as attending classes there. My vote would be for the MUSD to continue to lease the facility to the Parks and Rec district and to use rent monies collected to help fund currently under-funded programs in the MUSD. I hope that additional monies to cover increased rent can be generated by increased utilization of the facility through increased community outreach attracting teachers and service providers for classes and activities aimed at all sectors of our community, from programs for children, to a teen center, to adult ed and senior services and activities.	1	0	0	0	0	0	1	0

	re79.xml	1	0	0	1	1	0	We need to keep the Rec Center for current uses, under Rec District control, hopefully with a long term lease from the School District. I hope we can expand to offer more services to youth, especially adolescents, and endeavor to create positions for skilled counselors available to the kids and also to teach them peer counseling to assist one another; I hope we can arrange transportation to the FB Aquatic Center/skate park so that we can avail ourselves of their special programs; I hope we can connect with seniors, find ways for them to engage with young people, share their stories, feel valued by the greater community; I would also suggest job training to prepare our teens to find employment in the community, such as culinary skills, gardening, construction, computer work. I think we should buy a pool table and a ping pong table and have board games and sporting equipment; a clothing exchange, maybe once a month, would be great, babies to adults; we could have live music events for fund-raising and I believe a film program would be successful. I will gladly assist and contribute to ongoing efforts to achieve our goals for this vital community resource.	1	0	1	0	0	0	1	0

91	re29.xml	1	0	0	1	1	0	Rather than change the direction and focus of the site, the childcare programs, and community access to public rooms and programs should increase once there is certainty about the site as the Living center of Mendocino. Functions like the Fourth of July picnic, MUSE yard sales, Stone soup... which coalesce a sense of community should occur more often.	1	0	0	0	0	0	0	1

103	e107.xml	1	0	0	1	1	0	This extremely valuable school district asset MUST NOT be given away. In times such as these of extremely unpredictable State budgets, this asset provides rent and can provide additional space as needed for the District. The current use is fine but the rent should be fair and also not a giveaway. Historically it was part of the School District and there is no reason to change that now. This is an extremely valuable property that should not be declared surplus. It should be kept to benefit the District going forward.	1	0	0	0	1	0	0	0
104	re65.xml	1	0	0	1	1	0	I believe the buildings and grounds should remain as community use. I would like to see more programs for seniors- meals, exercise, social center - that could be run in conjunction with the senior center. Community meeting space, adult classes (yoga, etc.) and children's classes, community gardens are also priorities to continue. It's possible that CR could hold some classes in the facility as well, making them more accessible to people who live farther from the campus. More community run classes for adults could also be held, for example an electronics lab. In the past a thrift store was run (through MUSE) on the property which generated money for school programs. Some space could be shared by multiple non-profits which could provide economical facilities for several groups and help with economy of scale by utilizing shared office equipment. I am not clear that the property should be sold/declared as surplus. If it sold, it should be because the district would realize a sizable amount of revenue from the sale. If the building and facilities are sold, it is important that the school district retain some of the land for future needs, which would mean subdividing and the district retaining the undeveloped portions if the facility is rented, it should generate	1	0	0	0	1	0	0	0
105	re38.xml	1	0	1	0	1	0	I think that the center needs to continue the valuable use that it has for years.	1	0	0	1	0	0	0	0

	re46.xml	1	0	0	1	0	1	Use the space as in the first idea, but also include at least 2 permanent facilities that could be funded by usage fees/grants, or contributions. An electronics lab (Francis Rutherford's is the best model anywhere that I've seen)) operated as a low-cost service to the community, funded by usage fees and direct contributions from electronics companies. This program has been one of the most successful in the region for more than 30 years. To see it vanish would be shortsighted and an absurd misdirection of educational funding and resources. A culinary arts program funded by the many high-end hotels, B&Bs and restaurants looking for well-trained employees. Local owners and managers should eagerly and gratefully fund and become involved in such a program	0	1	0	0	0	0	1	0
